

# LVRC Head of the Float Saturday 2<sup>nd</sup> December 2017

**Please would all clubs make their members and friends aware of the traffic instructions with regards to parking of cars and trailers**

*This year we will be parking **ALL** cars in the large yard beside the Blue Warehouse & access for all boat trailers will also be through the same yard onto the Quayside.*

*No access to the event through the main rowing club gate.*

## Instructions for all cars & Towing vehicles

### FROM M53

When approaching from the M53 motorway slip road which is signed A5139 Space Port / U Boat Story / all docks please go straight on over the roundabout following the signs for the Mersey Ferries. You will see a Toyota car dealership on your left before you reach the roundabout  
Watch out for the **Rowing Event** signage prior to the roundabout.

As you exit the roundabout you will see the large blue warehouse on your right keep going straight on, please do not use the main Vic's gate as this is to be kept clear for emergency vehicles and timekeepers.

The only gate to be used for all vehicle access is the second one which will have **Rowing Event** signage on the pavement opposite the gate.

**On entering through the gates all cars should go to the right please slow down so that the Sea Cadets who are manning the car park can direct you**

**All drivers of towing vehicles with trailers on entering through the gates should go straight on and follow the trailer signs onto the quayside where Marshalls will direct you.**

### FROM WALLASEY TUNNEL

Traffic approaching from the **Duke Street bridge** (Wallasey Tunnel) side will see the access gate on their left which will be marked by Rowing Event signs

**On entering through the gates all cars should go to the right please slow down so that the Sea Cadets who are manning the car park can direct you**

**All drivers of towing vehicles with trailers on entering through the gates should go straight on and follow the trailer signs onto the quayside where Marshalls will direct you.**

### FROM WALLASEY

Local traffic approaching from the Mill Lane / Pool Inn side should follow the signs for the Mersey Ferries.

**On entering through the gates all cars should go to the right please slow down so that the Sea Cadets who are manning the car park can direct you**

**All drivers of towing vehicles with trailers on entering through the gates should go straight on and follow the trailer signs onto the quayside where Marshalls will direct you.**

### FROM BIRKENHEAD

**Traffic approaching from Birkenhead on the A5088** will pass the old Mobil Oil works on your right then cross over the green road bridge before reaching the main roundabout then turn right and follow the event signs.

**Please do not try to gain access through the main boathouse gates.**

## Parking of trailer / towing vehicle

All trailers and towing vehicles should follow the signs as they enter the gate which takes them onto the Quayside. The trailer should be unhitched and positioned as directed by the Marshalls  
Please assemble your boats being mindful of other crews on the Quayside and please leave room for crews to carry their boats to the stage area **bows first**

### General Information.

You will find all the race administration / catering / bar and toilets on the first floor of the Vic's boathouse. The first aid team will be located on the first floor alongside the catering services in the training room. There is **Warm Room** located on the ground floor of the Vic's boathouse please follow the signs

*Have an enjoyable days racing.  
Head of the Float Race Committee*

*In the event that we need to open additional car parking yellow signs will be put in place to direct traffic.*
